22 November 1967

MEMORANDUM FOR: Deputy Director for Support

SUBJECT : Weekly Report of the Office of Training

1. Agency Participation in Ft. Bragg Training Course

25X1C Two officers from the Special Warfare School at Ft. Bragg visited OTR on 13 November and requested that a CIA briefing be included in a new [REDACTED] Staff Officer Course which will be given three times a year. The visiting officers requested a half-day briefing at Agency Headquarters on 11 April 1968 for a party of about 50 U.S. officers. An official request for this briefing will soon be forwarded through channels.

2. Army Request for Training Assistance Turned Down

On 13 November two officers associated with Army combat intelligence training requested our assistance in obtaining a CIA evaluation of Army intelligence training programs. We replied that budgetary and manpower limitations virtually precluded our rendering any major assistance but that we would be willing to lend some assistance on an ad hoc basis. The visiting officers also expressed interest in having some of our instructors actually engage in some military intelligence training as instructors. This latter request was turned down with the

explanation that the Agency is not in a position to provide aid in fields where we do not have and cannot claim specific capabilities.

3. Fort Belvoir Army Installation Management Course

The Agency recently sent its first student to the Army Installation Management Course during FY 68. He was [REDACTED] Chief, Materiel Support Branch, Engineering Division, Office of Communications. [REDACTED] has an OL career designation and was enrolled at the request of the Office of Logistics. [REDACTED] was highly impressed with the course and suggests increased Agency participation, especially for those having responsibilities of resource management. This is a three weeks' course and it should be noted that it is tuition free. We intend to explore the desirability of requesting more spaces.

4. Review of Commo Training [REDACTED]

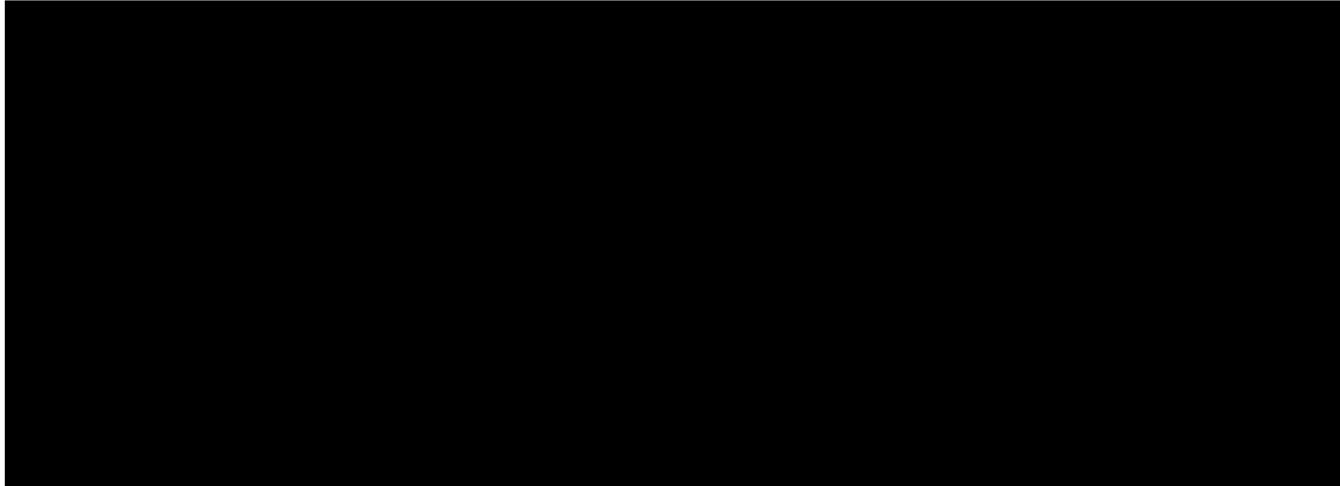

[REDACTED] is reviewing selected portions of the Office of Communications training [REDACTED]. He plans to conduct an Instructor Training Course there 29 January - 2 February 1968. He will probably start the survey of Logistics or Security in February.

5. College Off-Campus Program

Plans are set for the spring semester off-campus program. Registration will be on 23 January for classes which begin on 7 February. Among the 19 courses are two management science courses. Our publicity program will start off with an announcement in the December OTR Bulletin.
